Group 1 Meeting Minutes

Andrew Jedlicka
Blake Miller
Kevin Cao
Shaun Trimm

Goal of Meeting: To meet teammates, choose top 3 projects, and choose person to submit week's deliverables.

Top 3 Project Themes:
1. **Wellness Tracking System**
2. **Learning Management System**
3. **Rental & Services Management**

- Decided Learning Management System is the favorite between us as we have very personal experience with LMS's and could try to make improvements to LMS that we know.
- Decided to put LMS as #1.
- Decided not to do Social Network or Tour Management System – not of interest to us.
- Discussed adding the Event/Venue Management System to our top 3. Possible option.
- Discussed our experiences and pros and cons of different projects with our experiences.
- Discussed pros and cons of Rental & Services Management and potential #3.
- Decided Patient & Insurance Management System is not of interest.
- Decided to do Wellness Tracking System at #1 and pushed LMS to #2 because it will allow for a lot of feature additions and we think LMS will be a more competitive desirable project.
- Discussed Rental & Services Management between Event/Venue Management System as #3.
- Chose Rental & Services Management at #3.
- Discussed submission and chose Andrew to submit the week's deliverables.
